

SanD.A.L. San Diego Association for Lifeguards

"Because one drowning is one too many"

March 5, 2012

Councilmember Sherri Lightner
City of San Diego, District 1

Dear Sherri,

The San Diego Association for Lifeguards is proud to continue our endorsement of you as City Councilmember for District 1.

You have demonstrated a continued commitment to public safety and preserving and enhancing lifeguard services, including working with UCSD to restore funding for lifeguards at Black's Beach, refurbishing the lifeguard tower at Scripps Institution of Oceanography, working to get the lifeguard towers at Children's Pool, La Jolla Shores and La Jolla Cove completed, restoring funding for lifeguard training, and working to gain funding for a new fire boat at Mission Bay.

Thank you for your leadership in preserving and protecting public safety and our city's beaches. We look forward to continuing to work with you on the many public safety issues we will be faced with over the next four years.

Sincerely,

James Gartland
President / CEO
San Diego Association for Lifeguards
